Gail Canning
Head Teacher

30th April 2024

Dear Parents/Carers,

Self-Evaluation

Each year in school we gather the views of children, staff, families and the wider community about different aspects of school life. We do this in a variety of ways from focus groups, asking opinions at school events to questionnaires etc. It is important to us that we hear from as many of our families and partners as possible. Along with the information gathered in school from staff and children, your views really help us identify what we are doing well and what we need to improve. This information then helps form our school improvement priorities for the coming session.

I would be grateful if you could spend a few minutes completing the questionnaire you will find by clicking the link below. If you have more than one child in school, please feel free to complete one for each child. Thank you.
